SUPERINTENDENT'S CORNER

As we continue to move closer to the end of another successful school year, I want to express our thanks and gratitude to all of our staff members and parents for their continued support and dedication throughout this school year.

Since September, we have had many opportunities to read, hear, or observe the different activities that are taking place within all of our schools. We have also heard and read about our student's accomplishments as well. All of our schools continue to meet the challenges of the Standards of Learning and have continued to improve. In order to meet these challenges, our schools continue to look for innovative programs or practices that can be incorporated within the classroom instruction to enhance the education that our students receive. We are optimistic, based on the Fall and Spring SOL results so far, that the successes and accomplishments that we have seen in the past will continue in the future.

Not only have our schools shown academic strengths, but our students have also excelled in many other areas, including a variety of athletic team successes. The NHS Varsity football team qualified for a regional berth during their athletic season. In addition, a member of the NHS Cross Country team qualified for the regional meet. Furthermore, the GHS Varsity Football team qualified for a regional berth and the GHS Boys

Cross Country team qualified for both the regional and state meets. Additionally, a member of the GHS Girls Cross Country team qualified for both the regional and state meets.

Along with these achievements, we have had several students at the Giles Technology Center place in the SkillsUSA District Championships. There were 8 first place finishers, 4 second place finishers, and 5 third place finishers in the District SkillsUSA. In addition, sixteen students competed in seven contests at the State SkillsUSA Championships, with nine entries being third place or better and were recognized at the state awards ceremony, with one team being eligible to compete at the National SkillsUSA competition in June. Furthermore, students from the Tech Center participated in the state Health Occupations Student Association (HOSA) conference, with a team first place finisher and 2 individual first and one third place finishers in the competitions. Four students are eligible to attend the National HOSA conference and represent the Tech Center this summer as well.

These activities are only a few of the many accomplishments that our students and teachers have had during this school year. We continue to be proud of all of our students and teachers who work hard each day to prepare for these and all other competitions, activities, or performances because they do an excellent job representing their school, as well as Giles County, in a positive fashion.

I would like to take this opportunity to extend my appreciation to all of you and thank you for your continued support of the Giles County School System. Through this support, commitment, and teamwork, we are able to continue to achieve many things for the benefit of our students and our school system as a whole. I look forward to continuing this relationship with each of you so that we can continue to make a difference in the lives of our students here in Giles County Public Schools. I hope that each of you has a successful school closing and enjoy your summer vacations with your families.

Dr. Terry E. Arbogast, II
Division Superintendent

Average Per Pupil Expenditures

Legislation from the General Assembly requires the School Board to provide parents with certain budgetary information within 30 days of submitting the budget to the Board of Supervisors. The governing body must approve and appropriate (permit) spending for all funds. The state has mandated that the following information be provided regarding last year's budget, the current year's budget, and the proposed budget for 2016-17:

	2014-15 YEAR ACTUAL	2015-16 YEAR ESTIMATE	2016-17 YEAR PROPOSED
FOR OPERATIONS*			
STATE FUNDS	\$5,203	\$5,274	\$5,233
SALES AND USE TAX	\$1,073	\$1,146	\$1,166
FEDERAL FUNDS	\$732	\$986	\$953
LOCAL FUNDS	\$3,060	\$3,339	\$3,467
TOTAL	\$10,069	\$10,745	\$10,819
FOR DEBT SERVICE			
	\$586	\$568	\$565

*Operations category includes regular day school, school food services, summer school, and other educational programs, but does not include debt service, non-regular day school, non-LEA programs, capital outlay additions, and some capital outlay replacement categories. Local funds category includes funding plus other local revenues.
