

Delivered Meals for Virtual Days (beginning September 15, 2020)

Beginning September 15, 2020, meals for virtual days (100% virtual students and hybrid students) will be delivered to specific locations throughout Giles County. Meals will no longer be picked up at schools or sent home with hybrid students. Meals will be given out first come, first serve, and once we run out, there will be no additional meals made that day. We ask that everyone be patient with us as we maneuver through. If counts go up each week, we will add additional meals each week to help. Times are estimates only and may change. Refer to SBO webpage for cooking instructions. Contact clawson@gilesk12.net for additional information.

100% virtual student meals will be distributed every Tuesday (5 breakfasts & 5 lunches)

Hybrid student meals will be distributed every Thursday (3 breakfasts & 3 lunches)
