School accreditation ratings for 2016-2017 are based on student achievement on Standards of Learning (SOL) tests and other tests in English, mathematics, history/social science and science administered during 2015-2016 or on overall achievement during the three most recent years.

For tests administered beginning in 2012-2013 and beyond, a school will be rated Fully Accredited for the following school year (ie 2013-14) when its eligible students meet the pass rate of 70% in each of the four core academic areas for all grade levels except for English which is 75 percent.
